

# ABOUT THOMSEN TRAMPEDACH

Thomsen Trampedach is your One Stop Online Brand Protection provider.

In close cooperation with our large brand clients and law firm partners, we manage large domain name portfolios, launch new gTLDs, monitor and take down infringing content on the Internet and give advice on new trends and threats.

Our Systems Offer the Highest Degree of Security in the Industry.

**SERVICE AND SECURITY**  
Removing the administrative burden!

With more than 15 years of industry experience, we excel in taking away the administrative pains of managing a large domain name portfolio, while offering industry leading security solutions.

Our systems offer the highest degree of security in the industry.

**Consider it Done!**

At Thomsen Trampedach we take a pride in getting problems and tasks solved. More than a service, we provide advice tailored to the needs of the individual client. We do the job in an efficient and professional manner at a fair price.

100%

Our brand clients and law firm partners appreciate that we leverage on our understanding of how big corporations are organized and they can count on us to deliver as requested.
